

FAASTeam presents:

Aviation Potpourri

Been away from flying for a while? Last time you flew they were using the LF Range for navigation, or maybe the sextant? How do you get your "knowledge engine" started again? You just stepped into retirement from the airlines and you want to fly Light Sport now. You have 30,000 flight hours in your logbook, so how much transition training do you need? I'm now legally current in my new super fast X-wing fighter homebuilt, so I'll give the local airport crowd an impromptu airshow at 5 feet off the deck. Wahoo! Crack!! What was that!

Directions: From the east, take I-90 to Exit 289 (Pines). Go left (south) to Sprague Ave, turn right and Darcy's is just on left side of the street in the University City Shopping Center. From the west, take Sprague Ave to where it splits and becomes Appleway and Darcy's/University City Shopping Center is on the left just before University Ave. Or, take I-90 to Exit 289 (Pines), turn right (south), go to Sprague Ave, turn right and Darcy's will be on the left in the shopping center.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.

Event Details

Wed, Aug 20, 2014 - 18:00 PDT

Darcy's Restaurant

10502 E Sprague Ave

Spokane, WA 99213
